1

TEIGEN

Received the academic award for Primary School – this is the second year in a row. She has maintained an average above 75% throughout the year. Good in languages: English 88%, Afrikaans 94%.

2

KGAUGELO

She is a very sick little girl. We've had days where we were not sure if she is going to pull through. But she is a fighter. She is our toddler of the year. She has been with us for 1 year. When she came to MK she was full of sores and very sick and underweight. She can now walk and talk and play and is a very clever, funny and friendly girl. Even when she is sick, she will always look at you and try to smile.

3

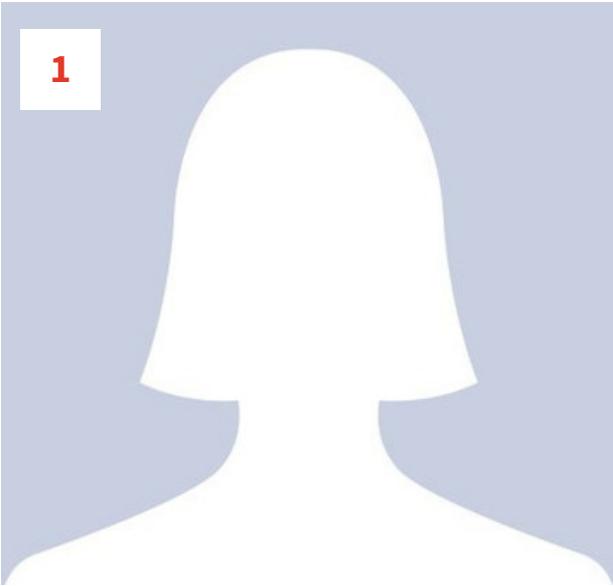

THABANG

He was elected as one of the top academic learners in gr 10 and 11 and will represent Jeppe High School for Boys on an European Academic tour in 2019. In all his subjects his grades are between 10-20% above the grade average. He also received a sports award for the best forward player in his age group. On a personal level, he has also shown great improvement. He struggled with anger and social skills but has made good progress.

1

THETHELANI

He is a very good soccer player. He plays for a private club and was also chosen to represent the club in Spain. Unfortunately, he was not able to go due to problems with his travel documents. Earlier this year he wanted to leave school and he refused to go to school. With the input of his social worker, he made a mind shift and received academic rewards for all his subjects at school. He is a very good example of determination.

2

FORTUNE

She had a very low self-esteem. She wanted to self harm and threatened to abscond to her mother. She was always in trouble with her housemother and felt that nobody loved her. Through therapy she managed to take control of her situation and is doing very well. She has developed skills to handle everyday challenges and she has a very good relationship with her housemother now. She received the award for best Personal Development.

3

KIENAN

He is a very naughty boy but we love him and he always surprises us. He has shown an improvement of between 3 and 15% in 4 subjects. He also received a soccer reward at school.
